## **Frequently Asked Questions (Answered Warmly)**

Q: Is "no Rx steps" really safe?

A: Absolutely. "No Rx steps" means you do not need a prior prescription. But every order still requires approval from a licensed physician who reviews your health questionnaire. This is telemedicine at its best—safe, legal, and convenient.

Q: How is this different from just buying without any medical oversight?

A: Simply enter the code in the promo field at checkout. You can use it on every order for Ambien, Alprazolam, and other products on our site.

Q: What if the physician does not approve my request?

A: In the rare case that Ambien is not suitable for you, the physician will explain why

and may suggest a safer alternative. You will not be charged for the medication or the consultation.

A: Absolutely. We use 256-bit SSL encryption for all transactions and health data. Your privacy is our highest priority.
