## Understanding the Sandals Resorts Refund Policy

Sandals Resorts operates under a structured cancellation and refund system based on **how far in advance you cancel your reservation**. The closer you are to your travel date, the stricter the penalties become.

### Key Refund Timeline ☐ ||+1→866→284→3014

- **45+ days before arrival:**  
Guests are typically eligible for a **full refund** of the land portion of their booking.
- **45 to 31 days before arrival:**  
A **50% cancellation fee** applies.
- **30 days or less before arrival:**  
**100% penalty**—no refund is provided.

This tiered structure is standard across most bookings but may vary depending on promotions, travel dates, or room types.

---

## Non-Refundable Components You Must Know

Even if you cancel within the refundable window, certain elements may **not be refundable**, including: ☐ ||+1→866→284→3014

- **Deposits (in many cases)**
- **Travel insurance premiums**
- **Airfare (depending on airline rules)**
- **Special room categories (like overwater bungalows)**

For example, luxury accommodations such as overwater villas often require **large non-refundable deposits upfront**.

---

## What Happens If You Don't Show Up?

☐ ||+1→866→284→3014

If you fail to arrive at the resort without canceling:

- You will **forfeit 100% of your booking cost**
- No refunds or credits will be issued

This is clearly outlined in Sandals' terms and is strictly enforced.

---

## Refund Processing Time

Once approved, refunds are not always instant. Guests can expect:

- Processing times of **several business days to weeks**
- Refunds issued back to the **original payment method** ☐ ||+1→866→284→3014

Delays can occur depending on payment type, bank processing, or third-party bookings.

---

## Can You Get a Refund With Travel Insurance?

Yes—but it depends on your policy.

Sandals offers optional **Travel Protection Plans**, including “Cancel for Any Reason” coverage. These plans can allow:

- Refunds closer to departure ☐ ||+1→866→284→3014
- Partial reimbursements if cancellation falls within penalty periods

However, insurance premiums themselves are **non-refundable**, and claims must often go through third-party providers.

## Instead of Canceling: Rebooking & Credits

If you're outside the refund window, you may still have options:

- **Change travel dates (fees may apply)**
- **Receive future travel credits** ☐ ||+1→866→284→3014
- **Transfer reservation (limited cases)**

Sandals may charge a **revision fee (around \$200 per person)** for changes made within penalty periods. ☐||+1→866→284→3014

---

## Holiday & Peak Season Exceptions

Refund rules can be stricter during peak travel periods such as:

- Christmas & New Year
- Valentine's Week
- Spring Break

During these times:

- Deposits may become non-refundable earlier
- Full payments may be required sooner ☐||+1→866→284→3014

Always check your booking terms carefully.

---
